

Personal Message from the Chairman

HIT, the oldest (and the largest) private engineering institute of West Bengal, is proud to present the current batch of students (batch 2010) to the corporate sector.

HIT has always been about diversity. Our students are drawn from different strata of society and hail from all over the country. HIT prides in its multi-cultural and multi-racial identity. However, we do have a few striking similarities amongst us. We have an identity and we are immensely proud of that identity - HIT identity. This speaks of people with passion, a keen desire to excel and an astute sense of values. Our students are meritorious, hard working and disciplined. This is our identity. We do not believe that there is any shortcut to success. We have faith in our abilities and we have the requisite grounding to learn, excel anything that is required. This is a thought that you will find in all our students.

Screened through a rigorous admission procedure, starting with Standard 12th results and followed by Joint Entrance, these young boys and girls are then put through a trying and ever evolving process of development.

We enjoy enormous infrastructural facilities and are proud of our highly rated faculty. Apart from academic input, the students have been inculcated with a sense of social commitment and values, in keeping with the vision of HIT.

It is my firm belief that our students, apart from excelling in their technical skills, will uphold with dignity and integrity the social values for which the institute stands.

Despite the recent economic turmoil, in excess of 100 national and international organizations recruited HIT graduates. We are fortunate that almost 85% of our students receive employment within 3 months of graduation. The balance 15% pursues higher studies in leading institutions in India, USA, UK, Germany, Japan and Singapore.

I wish our boys and girls a bright, prosperous and satisfying future.

I would also like to take this opportunity to welcome industry professionals to come and visit our institution and share their experiences with our students and faculty. We would cherish every opportunity given to us to improve and aspire to be regarded as one of the finest institutions of its kind in the country.

Shri Lakshman Seth

Chairman
